## GREEN BIRD COMPANY

Our crude portfolio is the core of our diverse business activity. Although **GREEN BIRD COMPANY** is a company of experience in petroleum products goes back well beyond this. Within our first 12 months of operation we have made a great deal of progress and are currently negotiating long term agreements with several countries in the Asia and around the world.

## Introduction

### GREEN BIRD COMPANY

*The company is engaged in marketing and trading of the following products and commodities:* as a Russian oil and gas suppliers the joint venture agreement between Russian suppliers is to generate, promote and facilitate sales of Russian petroleum products oil and energy products and derivatives in all the Asia Pacific regions & around the world.

- Since its inception as a provider of unique energy solutions **GREEN BIRD COMPANY**

, has concentrated on energy sectors that are under serviced or inadequately serviced by the major players.

- The LNG industry is a good example of growing energy sector where opportunities exist for a niche provider such as, **GREEN BIRD COMPANY**

## GREEN BIRD COMPANY

### Strategic Awareness

As part **GREEN BIRD COMPANY** , long term strategic awareness, recognize that LNG has key role in provision of low carbon clean green energy in the decades to come. LNG will take on increasing significance in the overall energy mix of most developing countries.

*This section of **GREEN BIRD COMPANY** business is being revived, refined and updated constantly.*

## Concept

### GREEN BIRD COMPANY

was established on the background of extensive experience supply and service industries..A clientele base demanding products and services that were suddenly scarce or unavailable.

**GREEN BIRD COMPANY** was formed to fill this void and provide innovative solutions. We have forged new ground in opening new markets, joint ventures and buy in/farm in opportunities in the Asia Pacific Region. We also found that adaption and implementation can provide solutions to some of the most difficult obstacles within the industry. For all petroleum products
